Profile

I have more than 15 years of experience providing national and international clients a great variety of services from definition of IP strategy to the development and delivery of different services like:

- Establishment, exploitation and enforcement of IP rights (cross-border disputes and litigation)
- M&A IP advisory services (Due Diligence and Post-Closing Integration)
- Transfer pricing IP policy (developing and implementing)
- IP agreements (NDA's, license agreements, cooperation agreements etc.)
- Strategic IP projects (IP risk management and compliance procedures)
- Enforcement programs (parallel import and anti-counterfeit)

Dedicated personality, high drive, agile, ambitious and excellent interpersonal skills with well-established international network of external counsels (+25 countries).
